

Returning in March
2021

***Welcome back
(again) Year
11!!***

Returning in March 2021

Year 11 will enter the school from 8:20 am through the right side gate where cars exit the car park and go all the way to the DT block (or PA2, F10 or G9)

Year 11: Mrs Brook (HOY)

T	Mrs Barker	DT7
A	Mr Mitchell	DT5
V	Mrs Cornish	DT6
E	Miss Hollis	DT4
R	Ms Zappala	DT3
H	Miss Greenway	G9
M	Miss Gaylor	F10
S	Mr Boulter	PA2

It is vital you are on time so you do not miss out on any information for the day.

Lessons will be as follows:

Registration: 8.30 - 8.55am

Period 1: 8:55 - 9:55am

Period 2: 9:55 - 10:55am

Break: 10:55 - 11:15am

Period 3: 11:15am - 12:15 pm

Period 4: 12:15 - 1:15pm

Lunch: 1:15 - 2:00pm

Period 5: 2:00 – 3:00 pm

Arrival at School

- ✓ **Year 11 enter the school as we did before the lockdown** (right side entrance, where the cars exit the car park, and then all the way down and round to the DT block).
- ✓ You will be greeted by a member of staff who will ask you how you are feeling and if your family are displaying any COVID symptoms.
- ✓ We will remind you of the social distancing measures before you then sanitise your hands to enter the DT block or go to PA2, F10, G9.
- ✓ **Please remember to come prepared to school**, if you forget your lunch etc please let your tutor know so we can contact home/get something organised for you

Make sure you sanitise your hands before entering the classroom and then before leaving it.

Maintaining a 2m distance at all times.

You will be placed in a seating plan, you must remain in this seat for the majority of your lessons. There may be a very rare room change but you will be informed where to sit if this occurs.

You will sit in rows facing the front of the classroom, this is to minimise interaction as much as possible. Windows and doors to classrooms must stay open.

How to stay safe

At breaks and lunches, you will be escorted to your zone's social area but remember to sit and eat before going outside onto the astro.

All bags must be placed directly under your desk. You must not share any school equipment with other students.

Break and lunch time – food:

Food will be brought to each zone at break and lunch.
If you have school meals at lunch, you will need to pre-order your food on a Monday for the entire week.

If bringing in a packed lunch, you must not share food with other students.

Use of water fountain:

Students are encouraged to bring their own water. There will be nominated times for students in each zone to refill bottles to reduce movement.

Handwashing:

- On arrival (where possible).
 - Before and after eating.
 - Before and after breaks.
 - After going to the toilet.
 - Before leaving.
 - After removing face coverings on arrival (where worn).
- All students to sanitise hands at entrance and exit to school and classroom.**

What to do if you feel unwell:

- Students **must** tell nearest member of staff if they develop symptoms, the first aider will come to get the student from the group via First Aid email.
- Staff will check with pupils regarding symptoms on their arrival and remain vigilant for developing symptoms throughout the day.
- Individual support plans have been reviewed where required to support students with a medical need.

General hygiene:

- ✓ Students should ensure they are washing every day and wear a freshly washed school shirt / jumper / trousers.

This is to minimise the risk of contamination from home to school and vice versa.

**Like you, staff are
excited to return to
school and begin face
to face teaching again,
we have missed you!**

**Return to
School**

Returning to lessons

As a school we understand...

- ✓ Everyone's circumstances during lockdown are different.
- ✓ The challenges that you all faced may have led to you being unable to produce work that represented your ability or unable to complete it at all.
- ✓ Your class teachers will be supportive of this and not challenge you, their role is to establish the gaps in learning and adjust the curriculum to fill these.

On your return, you will be asked to...

- Complete reflective tasks in your subjects to identify the work you have completed and how confident you feel you are with the content covered.

It is important you are honest to help yourself and your teachers to plan for your future learning.

You will not be questioned or sanctioned if you have not completed tasks that have been set.

Behaviour

- **Given the current circumstances**, we have worked so hard to keep all students safe; part of this has meant that, where our normal behaviour measures would usually work, we have had to adjust to new safety measures.
- **Any demonstration of non-compliant behaviour in line with our current policy, consequences will be issued.**
- We will have **zero tolerance** on behaviours that put others at risks on the school.

Your behaviour towards your learning not only impacts on you but also your classmates and your teacher.

Your focus in every lesson is yourself and meeting the expectations of your teacher. They will set you high standards because they believe you are able to meet these.

Positive Behaviours for Learning

Your role within the classroom environment is to engage and focus on your teacher's instructions and complete the tasks they set you to the best of your ability.

Behaviour that prevents the teacher from delivering your lesson to the best of their ability or preventing your peers from learning will be dealt with using the behaviour policy.

Being prepared, ensuring you have your workbooks, stationery and specific equipment/kit needed for each subject increases the pace of your lesson and reduces any time lost.

Positive Behaviours for Learning

- ✓ Remaining seated and facing the front.
- ✓ Contributing positively to class discussions.
- ✓ Allowing others to contribute without being interrupted, being respectful of everyone.
- ✓ Put your hand up to indicate you would like to contribute or ask a question.
- ✓ Interact with everyone in the room politely, treat others as you want to be treated.
- ✓ Follow all instructions to make the lesson as enjoyable and progressive as possible.
- ✓ If you have been unable to complete a task or do not understand anything, ask your teacher for help.
- ✓ Complete work to the best of your ability with effort and pride rather than completing it for the sake of completing it.
- ✓ Where possible, try and use the toilet only during your social time to limit the disruption to your lesson.

Resuming our tutor time schedule

	Monday	Tuesday	Wednesday	Thursday	Friday
Task	Assembly	Revision tasks and independent study	SBL picture news story	Revision tasks and independent study	Tutor led activities Feel good Friday
	Intervention session	Intervention session	Intervention session	Intervention session	Intervention session

We are also planning to produce reflective tasks for form time that focus on your lockdown experience and your engagement with remote learning to help you reach your potential. No teacher is judging this as we know that lockdown has been a challenging situation for us all. Tell us as honestly as you can where you are up to with your learning to help us plan to help you.

1. We know that you are worried about your assessment and the evidence that is needed for your GCSE assessments.
2. We are going to work very hard with you, for you to work towards the best outcomes for yourself.
3. It is down to you to take advantage of the opportunities available to you.
4. Teachers are working really hard to put together fair and robust assessments for you.
5. Use your time wisely - if you are invited to an intervention or additional class, seize the opportunity you have been given.
6. If you are worried, stressed or would like to talk things through, speak to your tutor in the first instance who will then ensure you get the support that you need.

Remember...

NO CROWD

NO HANDSHAKE

NO CONTACT

NO TOUCH
