14 May 2021

Dear Parents/Carers

The government has changed the regulations regarding wearing face masks in school. We have consulted staff regarding this and have liaised with governors to discuss the measures we should have in place to protect our school.

From Monday 17 May 2021 we will only require students to wear face masks in corridors and crowded social areas inside the school where we cannot maintain social distancing. Face masks in classrooms will no longer be required.

This decision is slightly more cautious than the government suggests and is to protect the students and staff who have not yet been fully vaccinated. We are also conscious of the mixed messages from scientists and the new Indian variant and want to do everything possible to protect our students and staff.

We will review this measure after half term and inform you of any changes.

Thank you for your continued support.

With regards

**Carol Dallas
