

7 February 2025

To: Parent/Carers: Years 7 and 8

Dear Parent/Carer

Parent/Carer Maths Workshop – Thursday 13 February 2025

It's that time again that I write to remind you that the Parent/Carer Maths Workshop is taking place on Thursday 13 February 2025. We have a small group who have attended the first couple of sessions and have had a relaxed and enjoyable time learning and practising some written calculation methods. It would be lovely to see more of you – it is a very laid back and friendly environment, where we visit one element of Maths that the students tackle during their Key Stage 3 journey. Anyone can attend and the session is designed and intended for those who feel less confident about Maths. Our topic this time is rounding and estimating.

You are welcome – and encouraged – to bring your child(ren)/ward. You do not need to bring any equipment; we will provide everything that you need for your classroom experience. The students who attend have really enjoyed having their adults in the classroom with them, using mini whiteboards and working through processes together. Some have become a little competitive with each other too!

Each session runs from **4:15 pm to 5:15 pm** and you are invited to come at 4:00 pm for refreshments first, meeting at Reception. If you plan to come, I would be grateful if you could click the link below and fill in the form so I know that you will be joining us. However, please don't feel that you cannot come if you have not completed the form.

Please click this link: [Parent Maths Workshop Confirmation Form](#)

Looking ahead, the dates for the final two sessions of the year are:

- **03 April 2025: Basic Algebra**
- **22 May 2025: Order of Operations – BIDMAS**

I look forward to see you there, but if you have any questions regarding the sessions, please do not hesitate to contact me by email: h.crane@taverhamhigh.org

Yours faithfully

Mrs H Crane
Deputy Lead for Maths, responsible for Key Stage 3
