

7 January 2025

Dear Parent/Carer

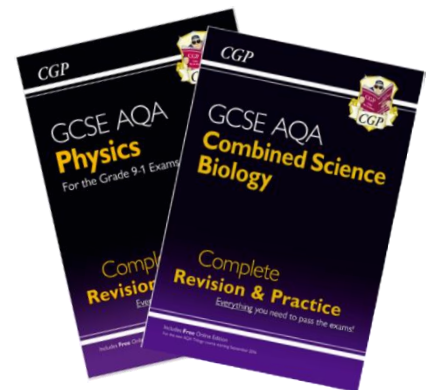

Science GCSE Revision Guides

I am writing to introduce two excellent revision resources to support students in their preparation for Science GCSEs. All students are invited to the 'Science Revision Zone', this is a Microsoft Team, which contains a wealth of revision materials to support and challenge your child/ward.

As a school we are privileged to be able to offer the opportunity for your child/ward to purchase CGP GCSE Science Revision Guides and workbooks for Biology, Chemistry and Physics at a significant discount from the publisher's price (up to 40% off).

We believe these workbooks greatly benefit students in preparation for their exams, in addition to supporting them throughout the course. The revision guides contain comprehensive revision notes and exam style questions, with answers.

If your child/ward would like to purchase a set of workbooks, these are available to purchase via WisePay. Once the books have arrived, I will let students know so that they can collect them from me during any break/lunch time, or during their Science lesson. It is **their** responsibility to collect them as we usually have a high number of orders and I am unable to deliver them to the students personally.

The deadline date for ordering is: Friday 24 January 2025.

The cost of the workbooks are as follows:

- **£12.30 (RRP £17.99):** Students studying combined Science (in classes G, L and M)
- **£18.30 (RRP £32.97):** Students taking separate Science (in class I)

Any questions please do not hesitate to contact me on m.hart@taverhamhigh.org

Yours faithfully

Mr M Hart
Head of Science Faculty
