

To: Years 7, 8, 9, 10 and 12

24 June 2026

Dear Parent/Carer

Extreme Weather Conditions

As we continue to experience a period of very warm weather, we would like to thank you for your support in helping us keep the students safe, comfortable and ready to learn throughout the school day. To help students manage the higher temperatures, you are hopefully aware that we are making some temporary adjustments to our usual expectations:

Uniform

Students may, for at least the remainder of the week, attend school wearing PE kits or their normal uniform without blazers and ties in order to feel more comfortable. Please refer to my email on Monday regarding appropriate shorts and PE kit.

Hydration

We strongly encourage all students to bring a water bottle to school each day and regularly refill it as necessary. Students will be reminded to drink regularly and will have opportunities throughout the day to refill their bottles. Additional measures are also in place to ensure students can access shade and remain comfortable during breaktimes and outdoor activities.

We would also be grateful if you could ensure that your child/ward comes to school with sunscreen already applied where appropriate. Students should also bring a hat or cap for outdoor use if possible.

School Opening Arrangements

At present, we fully intend for the school to remain open and operating as normal this week. Should there be any exceptional circumstances requiring a change to this position, we will communicate directly with families through our usual communication channels.

We would also like to remind parents/carers that the most reliable source of information regarding school closures is the Norfolk Schools website ([Emergency Schools Closures - Norfolk County Council](#)) and official communications from the school.

cont'd.../

While online search tools and artificial intelligence (AI) services can sometimes provide useful information, they may not always reflect the current status of individual schools accurately and we know at least one family who have been misinformed today by AI.

Thank you for your continued support and cooperation. We appreciate your help in ensuring that all students remain safe, healthy and comfortable during this period of warm weather.

Yours faithfully
