

19 November 2025

Year 7 Parent/Carers

Dear Parent/Carer

Parent/Carer Maths Workshop – 27 November 2025

I am writing to invite you to the second parent/carer Maths workshop of the year. The topic will be division methods and will run on Thursday 27 November 2025. The first Maths workshop was great, but it would be lovely to see more of you! It is a very laid back and friendly environment where we visit one element of Maths that the students tackle during their Key Stage 3 journey. Anyone can attend, and the session is designed and intended for those who feel less confident about Maths.

You are welcome, and encouraged, to bring your child(ren)/ward. You do not need to bring any equipment; we will provide everything that you need. It is an opportunity for you to experience what the classroom is like for students and getting a sense of what and how they are learning, as well as having an opportunity to spend time with your child/ward in their learning environment so you can support them and learn with them. Best of all, if you are not very confident in your own mathematical abilities, it is a chance for you to learn.

Each session runs from 4:00 pm to 5:00 pm and you are invited to arrive at 3:45 pm for refreshments, meeting at Reception. If you plan to come, I would be grateful if you could click the link below and fill in the form so I know that you will be joining us. However, please do not feel that you cannot come if you have not completed the form:

[Maths Workshop Form](#)

Looking ahead, the dates for the other three Maths Workshops this academic year are:

- **Thursday 22 January 2026: Rounding and Estimation**
- **Thursday 19 March 2026: Basic Algebra**
- **Thursday 14 May 2026: Order of Operations – BIDMAS**

If you have any questions regarding the workshops, please do not hesitate to contact me by email: h.crane@taverhamhigh.org.

I look forward to seeing you next Thursday.

Yours faithfully

Mrs H Crane
Deputy Lead for Maths, responsible for Key Stage 3
