Years 8 to 9

12 October 2026

Dear Parent/Carer

Re: Curriculum Enhancement Week, 19-21 July 2027

We are delighted to launch our Curriculum Enhancement Week for July 2027, offering students a fantastic range of opportunities designed to broaden their experiences, develop new skills and create lasting memories.

Taking place from **19 to 21 July 2027**, the programme includes a wide variety of activities, ranging from outdoor adventure and sporting opportunities to creative, cultural and academic experiences. We have worked hard to ensure there is something for every student and a range of costs to enable as many students as possible to participate. The programme is outlined in the attached booklet.

As in previous years, we expect that **most Year 9 students will choose to attend the Hautbois Hall residential visit**, which remains a popular and highly rewarding experience for our students.

Please take the time to read through the Curriculum Enhancement Week booklet carefully with your child/ward. If they wish to express an interest in an activity, they must complete the relevant sign-up form using the links included within the booklet. When completing the forms, students should indicate whether each activity is their first preference, second preference or third preference. This information will help us allocate places as fairly as possible, particularly where activities are oversubscribed.

It is important that students only select activities they would genuinely be happy to take part in and that they have read the details of each activity before expressing an interest.

All expressions of interest must be submitted by **4:00 pm on Friday 6 November 2026**. We will then use this information to plan places and communicate final arrangements and costings with families.

We are excited to offer this broad programme of enrichment and look forward to seeing our students benefit from these unique opportunities.

Yours faithfully

Mr G Yassin
Headteacher

Encl.
